Dear Small Entity Representatives:

On behalf of EPA's Small Business Advocacy Chair, I cordially invite you to participate in a meeting on Thursday, January 28 to discuss EPA's potential proposed rulemaking, Methylene Chloride; Rulemaking under TSCA §6(a).

Key Meeting Details:

Thursday, January 28, 2021

11:00 am – 1:00 pm Eastern

WebEx (meeting link and call-in information will be provided separately)

In your role as a Small Entity Representative, we ask that you consult with the Small Business Advocacy Review (SBAR) Panel, which is composed of federal government employees from the Environmental Protection Agency, the Small Business Administration Office of Advocacy, and the Office of Management and Budget's Office of Information and Regulatory Affairs. Your input is sought in order for the Panel to better understand and evaluate considerations such as the impact of compliance requirements of the proposed rule; identification, to the extent practicable, of all relevant Federal rules which may duplicate, overlap, or conflict with the proposed rule; and a description of any significant alternatives to the proposed rule which accomplish the stated objectives of applicable statutes and which minimize any significant economic impact of the proposed rule on small entities.

The attached outreach materials serve as background and will guide the discussion with you on January 28. These materials are for this purpose only, please do not release outside of this panel process.

- Agenda
- Presentation
- Key Takeaways Handout
- Regulatory History Handout
- ECEL memo
- Handout of questions for SERs – same as the pre-panel outreach meeting

The SBAR Panel will consider your verbal and written comments from EPA's pre-panel outreach meeting in early November 2020, in addition to your verbal and written comments on or following the January 28 meeting, and will prepare a report for the EPA Administrator on potential ways to reduce impacts to small entities that may arise from this rulemaking. To ensure that your input is received in time to be fully considered by the SBAR Panel, I am requesting that you provide any additional written comments by February 11, 2021.

Please feel free to contact me with any questions.

Thank you and we look forward to receiving your valuable input.
